

From the Desk of Miss McElfresh

Friday, November 20, 2015

This week was another wonderful and BUSY week in second grade! The students toured the church confessionals to get an idea of what they are preparing for. They also began practicing their First Reconciliation song and learned the steps for Confession.

In math, students wrapped up the unit on Geometry. Please note our schedule for next week as it is very short due to Thanksgiving. I will not be sending Lancer folders or a newsletter home next week, so I wish you all a wonderful weekend and a very Happy Thanksgiving next week!
